

Globe Post Top Series

SPRING CITY

Twist Tight Acorn Globe

*For New Installation
and
Field Replacement*

- ◆ Tool-less Entry
- ◆ Eliminate unsightly hardware
- ◆ No chance for hardware failure
- ◆ Bug free and water tight (IP65 rated)
- ◆ Developed for high wind locations

Twist Tight Acorn Globe eliminates any hardware by simply screwing it tight to the die cast machined ring.

- ◆ Complete Tool-less Entry
- ◆ Aluminum Die Cast Ring
- ◆ Extruded Vulcanized Silicone Rubber Gasket for compression seal
- ◆ IP65 Rated - New Installation Version
- ◆ Improved Distribution and Efficiency
- ◆ Available in both UV-Resistant Acrylic and UV-Stabilized Polycarbonate

Field Installation

Place the die cast-threaded ring onto the existing luminaire casing and secure by drilling and tapping. There are 3 pre-drilled holes at 120 degrees to facilitate installation.

Lower the Twist Tight Acorn Globe into place and align threading.

Turn Twist Tight Acorn Globe in clockwise rotation to secure a tight fit and compression seal.

Developed for easy field replacement, the Twist Tight Acorn Globe is also available for new installation projects in both standard and LiteShield Acorn Globes.
